|--|---|
| Name of Project Advisor: Dr. Adeel Ansari  |   |
| Designation: Professor   | Department: Computer Science  |
| Highest Qualification: Doctor of Philosophy (Ph.D.)  | Area of Specialization: Artificial Intelligence, Computational Algorithms |
| Contact No: 0333-4443720   | Email: adeel.ansari@szabist.pk  |
| Semester: 7th  | Year: 2023  |
| Program: BSCS  | Cr. Hrs: 3  |
| Compensation Offered Per Project:  |   |
| Project Title: Investify - marketplace for all your business needs.  |   |
| <b>Brief Detail:</b><br>Investify is an online platform that facilitates investment opportunities. It provides a space for business owners looking for potential investors. Likewise, investors can search for businesses that match their investment criteria. Our platform aims to provide a seamless solution for startups and small business to register their businesses and seek investments. Investify will bridge the gap between ambitious entrepreneurs and potential investors, offering a user-friendly interface and robust features to support both parties. |   |
| <b>Scopes and Limitation:</b><br>1) Secure platform for investors to invest in small business and startups.<br>2) Only business having and maintaining a proper bank account registered by their name will be able to register on our platform.<br>3) Initially investee can only ask for investment amount not more than Rs 25,000.<br>4) Investment returns will be given according to revenue sharing model in which a proper agreement will be made between the investor and investee.   |   |
| Hardware & Software Tools Required: Laptop, VS Code and other IDEs as per the project needs.   |   |
| Approximate Cost of the Project: API Integration, Hosting, Domain  |   |
| <u>Students' Names:</u>  |   |
| 1. Name: Muhammad Faseeh   | Reg. No. 2012390  |
| 2. Name: Safwan Uddin Mairaj   | Reg. No. 2012403  |
